Re: 2010 Certified Parameter List
Lab ID # 02996

Dear Rose M. Harrelson

The Tennessee Division of Water Supply Laboratory Certification Program is hereby issuing your laboratory a new certified parameter list for the calendar year 2010. This parameter list supersedes any previously issued parameter list from the State of TN. The 2010 parameter list is based results submitted to this office for performance evaluation samples completed in 2009 and your 2009 certified parameter list. If you are aware of any errors please contact this office as soon as possible. For laboratories subject to laboratory certification fees, the Fee section is currently working on invoices and you can expect another correspondence from this office detailing the fees owed in February 2010.

If you have any questions, please do not hesitate to call me at (931) 432-7643 or troy.taubert@tn.gov.

Sincerely,

Troy D. Taubert
Laboratory Certification Officer
Tennessee Division of Water Supply
